Music For A Festival

Severe opening, good dynamic at A-tuning not totally convincing. 'c' just gets a little loose at times - good attempt at 'D'. 'E' to 'F' just needs some attention to balance - cornets slightly heavy. OK at 'G' - nice light style eph/cornet. Good attempt at 'H' - good attempt into 'I' good attempt at Andantino - good approach to the music, likewise at Larghetto. Well done at Menu mosso - sensitive Euphonium. Needs to be broader into 'K' but nice musical approach at 'K' - well controlled playing. Heavy bar before 'L' doesn't convince. Good attempt at 'L'. Vivo - good detail - well done at 'M' good dynamics - the style is good well done into Cantabile - next and 'N' 'S' is effective. 'I' needs more work - it improves though - well controlled 'M' good build into 'X' and you make an effective close. A performance that lots of good points and that grew in stature - a musical approach throughout.

Thank You.
