TEST PIECE: THE SNARING OF THE SUN

The music flows well and builds to (A) and the dynamics are controlled. (B) Solists play with expression. (A) Good tempo and the detail is mostly clear. (D) Some nice shapes in the solo lines. Good approach to (G) and nice solo corner. (H) Some nice lyrical touches but odd blunders here and there. (L) Good solo corner. (M) Effective percussion and well done by tuba. Bar 171 not quite tidy. (P) Good sound but this could be more precise and committed. Some good effects at 261-4. (S) Good opening and the music flows well. (T) Fairly well in tune but could be sweeter. Nice sounds at 281. ~~Good~~ Good solo lines to (U). (U) Slightly tentative but a good style well controlled to close but not quite in tune to close.

Some nice musical moments created by M.D. Some inconsistencies in ensemble and odd moments of tuning.
